

# 2011eco-Excellence Awards

## Honoring local environmental activities

**Each one of ecomaine's 40 municipalities may have one of its citizens, businesses, or organizations honored with an eco-Excellence Award. The nomination process is easy, so take a minute to recognize the green activities of someone in your community.**

After judges from the **ecomaine** board's Recycling Committee select winners from the municipalities, all the award recipients and their nominators will be invited to a special awards presentation luncheon held in their honor on Tuesday, March 21 in Portland. Following the award presentations, one Grand Award winner will be announced, chosen from among all the individual community recipients. *And*, for the first time, one eco-Excellence Business Award will also be presented.

**Award criteria are: *effectiveness, increasing awareness, community impact, and ease of replication.***

#### Rules:

- *Anyone* may submit a nomination; both self-entry and the nomination of others are encouraged.
- Award recipients may be individuals, groups, businesses, or organizations.
- All green activities or efforts are eligible and welcome – regardless of size or scope.
- The activity/effort must have occurred in 2010 or be on-going.
- There are no age restrictions.
- Nominees must live in, work in, or be located in the municipality for which the award will be given.
