

eco-Excellence Awards

eco-Excellence Award Winner
David Pope and Massabesic Middle School
(Waterboro, ME)

If you or someone in your community is an advocate for sustainability, consider submitting a nomination for an eco-Excellence Award.

Any effort or activity undertaken in support of environmental sustainability is eligible for nomination, regardless of size or scope, and nominations can be made by either individuals or organizations.

Award recipients may be individuals of any age, organization or business. Nominees must be located in or serve one of ecomaine's 65+ member communities. Nominate your green superstar at ecomaine.org from November - January.

Annual "Recycling is a Work of Art" Contest

Every year, ecomaine holds a contest for local artists of all ages to decorate our roll-off recycling containers (pictured here) and create a brighter recycling experience

ecomaine RECYCLOPEDIA

Wondering what you should do with that item in your hand? Check out the ecomaine Recyclopeda App! With more than 1,500 everyday items to search from, find your recycling sustainable waste answers at ecomaine.org/RECYCLOPEDIA

You can even test your skill with our *Wicked Smahrt Recycler* sorting game!

Waste reduction
Education & Outreach
for your community

school programs

(depending on pandemic status)

62 Blueberry Road, Portland

Questions? info@ecomaine.org

We serve a third of Maine's population.

Printed on 100% post consumer recycled paper

\$30,000 in Annual School

Recycling Grants

Every year ecomaine awards up to \$30,000 in School Recycling Grants to our member communities.

The deadline for the ecomaine School Recycling Grants **will be in May.**

Application forms available at ecomaine.org/grants or call 207-773-1738 (option 1)

ecomaine offers grants to schools that submit proposals for reducing their solid waste and/or building more robust recycling & compost practices. Participating schools could earn up to \$5,000 of a total \$30,000 of grant funding.

in-school waste audits

ecomaine's Outreach & Education programming

We offer full-time educators and many expert staff members as resources for your community to learn and raise awareness about strategies to reduce, reuse, and recycle. ecomaine offers tours, conducts outreach in schools, and attends events around Maine with a mission to improve waste reduction.
