

RECYCLING

IS A

WORK OF ART

**Your design could be rolling through
Maine communities by summer.**

Submissions Now Open!

Close on May 19th

Submissions for the Recycling is a Work of Art 2026 painting contest are now open! Submit your design now through May 19th, 2026!

How it Works

Up to five artists are selected each year to paint the full exterior of one of ecomaine's Silver Bullet recycling containers. Designs are submitted using our official spec sheet, which maps out all four sides of the container to scale, so you know what you're working with.

Who Can Apply

Professional artists, hobbyists, students, and first timers are all welcome! At least one member of any group submission must be a resident of one of ecomaine's 70+ member communities.

For more information about Recycling is a Work of Art, what winners receive, downloadable spec sheets, and additional submission requirements, scan the QR code or visit www.ecomaine.org/work-of-art.

We look forward to seeing these designs come to life!
